Guest ticket (admission voucher)

Guest tickets allow you to personally invite your customers to visit your stand.

Each guest ticket is numbered and has your **company imprint on it**. Upon presentation of the guest ticket, your customers will receive a free one-day admission ticket to the value of EUR 30 when they arrive at the fair.

After the fair, we will invoice you EUR 7.50 + VAT for each redeemed guest ticket for no more than 2 tickets per square meter of stand space. After the fair is over, you will receive an overview of the visitors who redeemed your guest tickets in the form of an Excel file.

To prevent unauthorized use of guest tickets (e. g. selling them to third parties), MMG reserves the right to refuse redeeming a guest ticket

- if your customer's name and address are not entered on the ticket
- if the name that appears on the guest ticket does not correspond to the name of the person who is using the guest ticket to gain admission to the fair.

Should that happen, MMG reserves the right to confiscate the guest ticket and not replace it.

To prevent unauthorized use of guest tickets, we recommend to address tickets only to specific contact persons and keep a record of guest-ticket numbers with customer name.
